

Autumn Nature Mobile

What you need

1. String
2. Your favourite stick
3. Lots of colourful nature objects

Create your own nature mobile by collecting your favourite natural objects and hanging them with string from your chosen stick. Enjoy the beautiful colours and shapes from the silhouettes as they move in the sunlight!

Make your own leaf animal

Butterfly

Owl

Hedgehog

What you need

1. Imagination
2. Collect lots of beautiful leaves and chosen nature objects
3. Select your glue of choice

Instructions

Collect a variety of leaves with your chosen animal or creature in mind. Think spikey shapes for hedgehog spines, dazzling colours for butterfly wings and beautiful soft shapes for bird feathers. You can collect and use other nature objects like acorns, stones and flowers for details like eyes, noses and ears!
