

1. REPORT SUMMARY

A report to councillors regarding proposals from Local Highway and Footpath Improvement Group LHFIG.

2. BACKGROUND

In 2022 the Parish Council supported a Highways Improvement Request to LHFIG requesting waiting restrictions on Sherbourne Drive due to the issues with poor parking hampering access. Initial works were carried out at the end of 2023 to implement the clear zones around bus stops which were permitted under existing legislation.

To extend this further will require a TRO process.

3. SUMMARY

The Deputy Clerk has now received the proposal attached Annex One from Wiltshire Highways. This proposal would introduce a 'No Waiting at any time' zone along at least one side along the length of Sherbourne Drive, as well as extended restrictions around junctions. It seeks to retain parking where practical, help control the speed of traffic, improve access to the estate for buses (and other large vehicles) and provide visibility improvements at junctions.

The proposal has not yet been costed but it is estimated to be in the region of £8500. 25% contribution from the PC would be £2125.

4. RECOMMENDATION

That the council approves a contribution of up to £2125 towards LHFIG Scheme 13-22-13 Sherbourne Drive Waiting Restrictions
