

REPORT PC26.015 LHFIG Contributions Portway Crossing

Author: Trudi Deane, Deputy Clerk

Date: 10th February 2026

1. BACKGROUND

At the meeting on 21st July 2025, the Parish Council resolved to support a Highways Improvement Request to improve the safety of the crossing point to Green Lane on The Portway.

2. SUMMARY

The Deputy Clerk, Operations Officer and Cllrs Barker and Holland met with the Highways officer on site in October 2025 to discuss the issues and possible solutions.

Planning Application PL/2025/02686 Land NE Old Sarum is still being determined, and improvements to this crossing are being discussed as part of that process. However, the date for any decision on that application is not yet known.

All parties agreed that some limited changes were needed in the short term, pending that decision.

The Highways Officer has produced a scheme as shown Annex One.

The total cost of the scheme would be £3200, with a required contribution of £800 from the Parish Council.

3. RECOMMENDATION

That the Parish Council approves the contribution of £800 to LHFIG Scheme 13-24-46 Portway Crossing.

ANNEX ONE
